Aug 2025

1. Introduction

The **FitZone Fitness Center** Web Application is designed to provide members, trainers, and administrators with an easy-to-use online platform for managing fitness activities.

This manual explains how to use the system's key features, including registration, login, class booking, membership management, queries, blog, gallery, and dashboards.

The primary features of the FitZone Fitness Center Web Application include:

- **Login System:** Secure role-based authentication for customers, staff, and administrators.
- **Class Booking:** Customers can browse fitness classes, view schedules, and make bookings.
- **Membership Management:** Dynamic display of membership packages with online sign-up options.
- **Trainer Management:** View trainer profiles, expertise, and assigned classes.
- **Query Handling:** Customers can submit inquiries, and staff can respond through their dashboards.
- **Blog & Gallery:** Provides fitness-related articles and showcases gym facilities and events.
- **Dashboards:** Role-specific dashboards for customers (bookings, queries), staff (queries, schedules), and admins (full management control).
- **Logout Functionality:** Ensures secure session handling by returning users to the homepage.

By employing modern web development technologies (PHP, MySQL, HTML, CSS, JavaScript), this system ensures scalability, usability, and efficiency. The responsive interface is designed to be mobile-friendly, making it convenient for members to access the platform anytime, anywhere..

2. System Requirements

Web Browser: Google Chrome, Mozilla Firefox, or Microsoft Edge (latest versions).

Internet Connection: Required for accessing online features.

Device Support: Works on desktop, tablet, and mobile.

3. Getting Started

Accessing the Website

1. Open your web browser.
2. Enter the application URL - <http://localhost/index.php> (in development).
3. Homepage will display with navigation bar.

4. User Roles

The system supports three roles:

- **Customer (Member):** Can register, log in, book classes (cancel if needed), view memberships, and submit queries.
- **Staff:** Can manage bookings, and respond to customer queries.
- **Admin:** Has full control (manage users, trainers, classes, memberships, blog, gallery, etc.).

5. Features & Instructions

5.6 Blog & Gallery

- **Blog Page:**
 - Customers can read fitness articles and success stories.
 - Admin can add new blog posts with images.
- **Gallery Page:**
 - Displays uploaded gym and event photos.
 - Admin can upload images via dashboard.

6. Security Tips

Always log out after using the system.

Do not share your password with others.

Use strong passwords (mix of letters, numbers, symbols).

Upload only allowed file types (JPG, PNG).

7. Troubleshooting

Issue	Solution
Cannot log in	Check email/password, contact admin to reset password if needed.
Images not uploading	Ensure file type is JPG/PNG and size is < 2MB.
Booking not saved	Ensure you are logged in as a customer.
Page not loading	Refresh browser or check internet connection.

8. Support

For technical assistance, please contact FitZone Admin via the Contact Page or email: support@fitzone.lk
